STAT

Dear Bud:

I was very pleasantly surprised and pleased to receive that thoughtful momento of our association. I'm sure you know how much a little friendship and consideration mean in the relatively cynical jungle that exists around here.

I would guess that you would be pleased to know that the continuous pressure which has been maintained, through [redacted] and otherwise, has at last resulted in some stirring and action in the Elint field. I think that illumination and developing understanding around here has finely penetrated to the Pentagon.

My best regards,

STATINTL
